

CardioChek® Portable Blood Test System (Home Use)

Distributed by

CLIAwaived™ Inc.

The CardioChek® Portable Blood Test System (Home Use) instantly measures Total Cholesterol, HDL and Triglycerides. The CardioChek® Portable Blood Test System (Home Use) offers a low-priced option for smaller clinics and personal at-home use. Each test strip works independently and reports immediate results in just under two minutes. *(Note: For high-volume clinics requiring a complete lipid profile testing option; we recommend upgrading to the CardioChek PA.)*

BENEFITS:

- Easy to use and transport
- Results in 2 minutes
- Battery-operated, portable device
- Large digital readout
- Factory-calibrated and ready to use
- Can be programmed to display six languages
- Stores the last 30 results of each test
