

# New!

Bulb-squeeze dispensing technology ensures consistent performance

Plastic casing decreases breakage

Glass tube provides consistent capillary action

One piece – no assembly required

## Advanced Technology Innovates Point-of-Care Testing

Ideal for all  
blood collection  
needs up to  
50 µL

### Capillary Tube Speeds Blood Collection and Ensures Savings

PTS Diagnostics™ Capillary Tubes provide significant savings over traditional transfer tube technology. Using a single glass tube with plastic casing, the PTS Diagnostics Capillary Tubes provide consistent self-wicking technology to preset volumes. This improved design is ideal for all blood collection needs.

#### Increased Efficiency in Workflow

- Ease-of-use with no assembly
- One-hand blood collection
- Glass tube ensures easy blood collection
- Bulb-squeeze dispensing technology ensures consistent performance
- Only one item to inventory (no plunger)

Sample Volume*	Qty	Ref. #
15 µL	25	2863
20 µL	25	2864
30 µL	25	2865
40 µL	16	2866
50 µL	25	2134
