HAZARD IDENTIFICATION

The Q.E.D.® Saliva Alcohol Test Controls should only be used by qualified, trained personnel familiar with any potential hazards. Specific warnings are given in the instructions for use. The absence of a specific warning should not be interpreted as an indication of safety.

COMMENTS: To the best of our knowledge, this material is not classified as hazardous according to USA or Canadian regulations.

COMPOSITION / INFORMATION ON INGREDIENTS

COMMENTS: To the best of our knowledge, this material does not contain any hazardous ingredients in quantities requiring reporting in this section, in accordance with USA or Canadian regulations.

Component	Contents
Control Solution	2 vials of 5ml aqueous alcohol solution (contains < 0.1% Ethanol, < 0.1% Sodium Azide and > 99.8% Water)

HANDLING AND STORAGE

HANDLING: No smoking or open flame in storage areas. Avoid contact with eyes, skin, and clothing. Keep container tightly closed. Do not ingest or inhale. Do not pressurize, cut, weld, braze, solder, drill, grind, or expose empty containers to heat, sparks, open flames or other possible ignition sources.

STORAGE: Store in a cool, dry, well-ventilated area away from incompatible substances. Keep containers tightly closed. Store all reagents at 15-30°C (59 – 86°F).

NOTE: Handling and storing of the product should not pose any threat to the shipper. If the product integrity is in question due to excessive damage, utilize proper safety procedures and handle using appropriate PPE.

DISPOSAL CONSIDERATION

DISPOSAL METHOD: Disposal of hazardous wastes, product or packaging must be conducted in accordance with all applicable Local, State and Federal Regulations. Processing, use or contamination of the product components may change waste management requirements and options. Contact the authority having jurisdiction for your area for specific disposal requirements.

Sodium Azide may react with lead or copper plumbing to form highly explosive metal azides; buildup in metal plumbing. Proper disposal is required; check your Local, State and Federal Regulations accordingly. Do not dispose of Sodium Azide or other chemicals down the drain.

OTHER INFORMATION

The information contained herein is accurate to the best of our knowledge. OraSure Technologies Inc. makes no warranty of any kind, expressed or implied, concerning the safe use of this material in the process or in combination with other substances.

This is not a Safety Data Sheet (SDS). According to USA and Canadian regulations, we are not required to supply an SDS for a product which is not classified as hazardous.
