CardioChek® Plus: Faster, Easier, Smarter

- Simultaneous testing of lipid profile using Lipid Panel test strips and eGLU™ electrochemical glucose test strips.
- Measures total cholesterol, HDL cholesterol, triglycerides and glucose. Also calculates LDL, TC/HDL ratio, LDL/HDL ratio and non-HDL cholesterol.
- Compatible with all existing PTS Panels® test strips. WiFi communication compatible.
- eGLU™ test strips require small blood sample and provide result in 10 seconds.
