Reimbursement Information: CPT Code # G0434QW, 80104 – Drug screen, other than chromatographic; any number of drug classes, by CLIA-waived test or moderate complexity test, per patient encounter. National Limit Amount – $20.47

*There are no uniformly recognized cutoff levels for drugs of abuse testing for Benzodiazepine, Oxycodone, Tricyclic Antidepressant and Barbiturates. The test is not intended to screen or monitor individuals who are prescribed these drugs by a physician; the test may yield positive results for individuals taking such drugs, as prescribed.

**NOTE: The CLIAwaived, Inc. Rapid Dip Drug Test (RDDT) provides only preliminary test results for drugs-of-abuse. For a quantitative result or to confirm positive results obtained by the CLIAwaived, Inc. Rapid Dip Drug Test, a more specific alternative chemical method must be used. Gas Chromatography/Mass Spectrometry (GC/MS) is the preferred confirmatory method.

DISCLAIMER - The CPT information contained in this document is provided as representative examples of reimbursement in this category. It is intended to assist providers in accurately obtaining reimbursement for healthcare services. It is not intended to increase or maximize reimbursement by any payer. Providers should consult their payer organizations with regard to local reimbursement policies. NOW DETECTS BUPRENORPHINE!

To order, call 888.882.7739 or visit CLIAwaived.com
The **CLIAwaived, Inc. Rapid Dip Drug Test** is a one-step dip card test for the rapid qualitative detection of drugs of abuse in human urine.

1. Remove the CLIAwaived, Inc. Rapid Dip Drug Test from the pouch by tearing at the notch.

2. Detach the bottom cover by pulling gently.

3. Dip the test straight into the urine for a minimum of 10 seconds. DO NOT dip beyond the tip of the arrows.

4. Remove the test from the urine. Re-attach the bottom cover and lay the device on a flat surface. Look at each test strip and interpret results at 5 minutes.

⚠️ Please refer to package inserts for detailed instructions and technical information.
