BinaxNOW® Legionella

Rapid identification of Legionella pneumophila serogroup 1 in urine

Highly accurate – 95% sensitivity and specificity; treat with confidence

Easy-to-use – Easy to manage and train; minimizes operator error

Results in 15 minutes or less – Faster throughput in lab or Emergency Room; aiding in rapid, focused therapy

Room temperature storage – Doesn’t take up valuable refrigerator space

Cost-effective Identification of Legionella pneumophila for Pneumonia and Legionnaires Disease

Decrease mortality rate

Decrease number of broad-spectrum antibiotics prescribed

Shorten patient wait time/hospital stay

Decrease need for unnecessary ancillary testing

Improve patient outcomes through rapid, focused therapy

Urinary Antigen Tests Recommended as Part of the IDSA/ATS CAP Guidelines
